- x More attention could be patd different kinds of "best practices" in public engagement that have been adopted by granting agenciescient years to help ensuthat research is perceived as relevant and significant.
- x There could be funding for spacipresidentialinitiatives.

President Choi stated that a Rapid Assessmiller conducted by an outside firm, which will look at MU and the System for duplication said ministrative structures. He was reminded that

Steve Graham stated that the President ling ito put money behind open access educational resources; the announcement went out last where clarified that he initiative targets disciplines that have expensive textbooks of eral hundred dollars or more, not amounts of \$40 or so. Viviana Greco stated that the UMKOU conference on online education is focused on open access. It is open to everyone.

## 11:30 – 11:40 Freedom of Speech (attachment 1)

The Senates/Council chairs/prestide rovided updates about the tests of the approval of the Freedom of Speech statem that mpus approval at S&T and MSL was in process. IFC discussed whether it was possible to move for down two versions of the document, and concluded that it could cause problems.

3/4 The IFC members from MU, UMSL, and S&T wat unanimously to endorse the original MU Statement of Commitment to Free Expression.

## 12:00 - 12:15 IFC Process

IFC discussed that if IFC member Steve Graham see something on an individual campus that should be "scaled up" to the System level, the yubble bring it to IFC. In the current political and economic context, faster speed is necessary what the case in the parties ident Choi should also be urged to listen to the campus reports decide whether an issue should be taken up by the System. There may also be time with is appropriated slow down.

## It was proposed that

- 3/4 As we all get use to the new contemptathe new President, we should have a conversation about how torticulate roles better.
- 3/4 The Chairs/President of the Senates/Councillschhave a regular conference call before each IFC meeting. New chairs can also clarathout best practices. The IFC Chair could be included if deemed destine by the Chairs/President.

## 12:15 − 12:40 System Investments to Supp © ampus Success (attachment 2) − Steve Graham

SG asked where the System should get involvedaking investments? President Choi is looking at practices that he been taken up nationally.

Cross-campus course sharing was discussed numerous obstacles were brought up:

- x Only 120-145 students are enrolled mared courses per semester.
- x The common web portal for online classes doesexist now and registration is difficult.
- x Faculty haven't gotten behind it.
- x The rules are not clear and information is **triot**kling down past the department chairs.

- x We need clear answers about works the creditand incentives.
- x Technology is sometimes not up to the demands.
- x Prerequisites are sometimes not equivalent.
- x Course management software on the **team**puses is not interested (Canvas vs. Blackboard).

It was observed that 100% astymognous delivery works best. Th
